

ALINEA®

Standard Specifications

Alinea Luminaires

MANUFACTURER

To be AAMSCO Lighting
Incorporated, Summerville, SC 29483

END KNOCKOUTS

Continuous run end-to-end mounting is to be accomplished through the use of factory prefabricated end knockouts, to prevent stripped wires.

MOUNTING

To utilize a junction box. Not for ceiling mounting.

KEYHOLE MOUNTING SLOTS

The fixture assembly is to have keyhole mounting slots for mounting onto walls.

LUMINAIRE

to carry a UL listing (for damp locations).

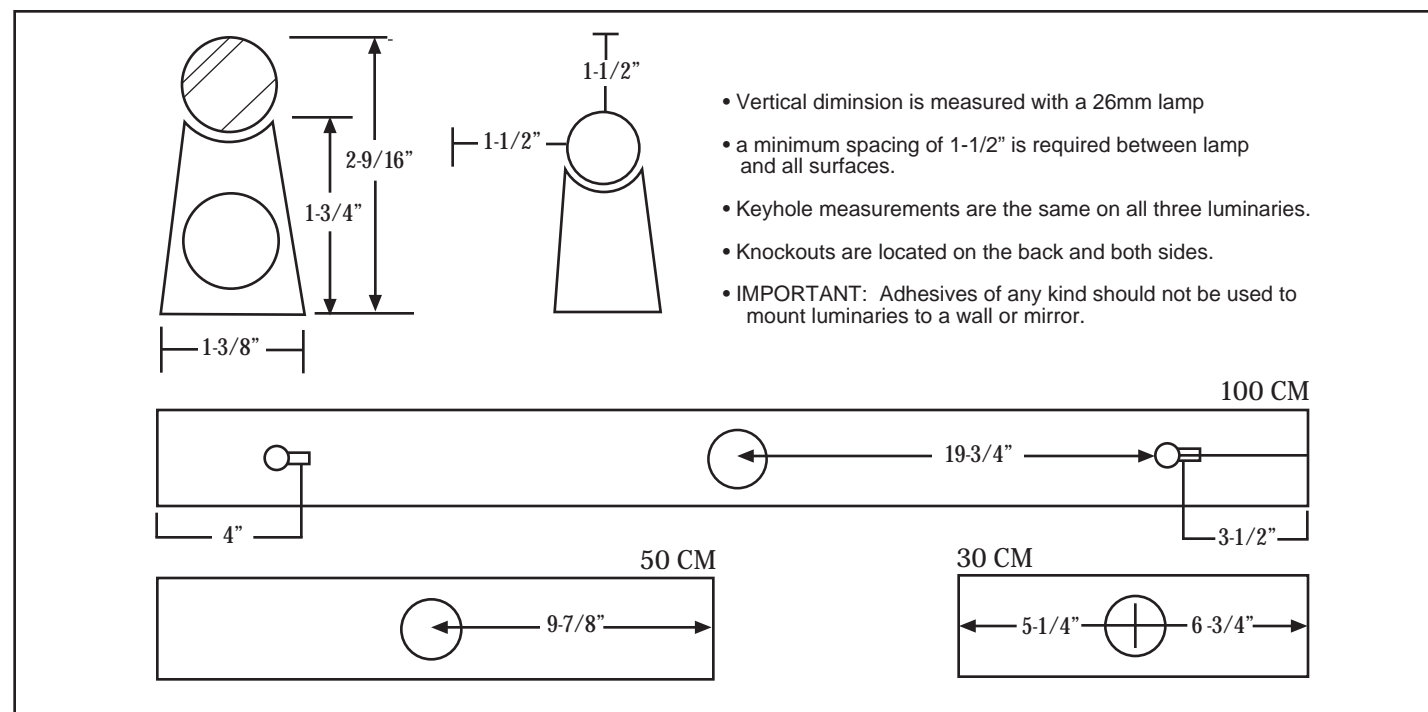

CHANNEL DESIGN

Fixture is to be designed so that the bulb fits into a channel over its entire length.

ALINEA®

the Beautiful Light!

Long used in the best European custom designs, Alinea is an Art Deco Concept brought to perfection by American engineering.

Soft and Flattering

Perfect for both kitchens and bathrooms, at 2800k, Alinea radiates a soft warm light. By enhancing the effect of pink, brown and yellow tones, Alinea makes furnishings seem soft and cozy. Especially flattering to warm fleshtones, Alinea seems to make everything in a room more radiant and beautiful.

Unique End-to-End Mounting

For end-to-end mounting, only Alinea offers a complete system.

Futuristic in design, Alinea is perfect for accent lighting in commercial and residential buildings. Prefabricated end knockouts eliminate the need for drilling holes, saving extra contractor charges.

End knockouts mean no mess and no jagged edges that can cut or strip wires ... just continuous ribbons of warm light.

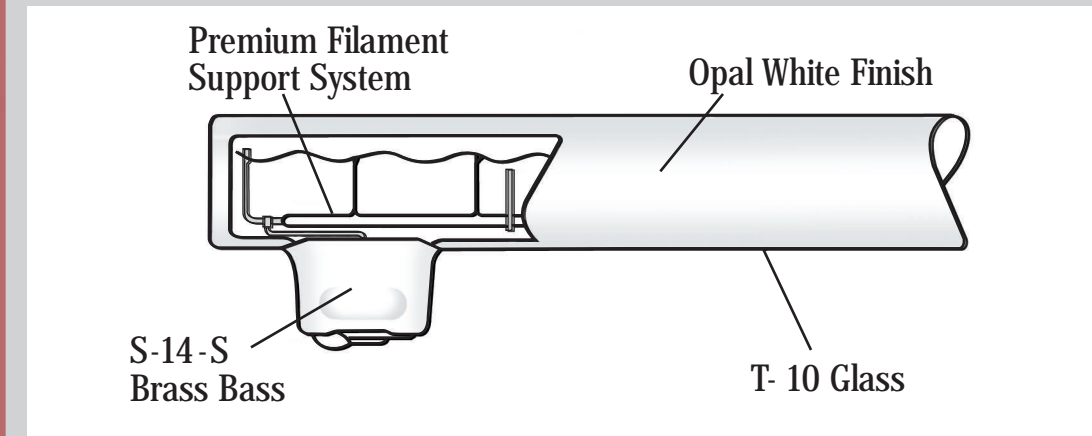

Lamps Snap In, Snap Out

For Easy Replacement!
Working off standard line voltage, Alinea needs no transformer or ballast.

Alinea® Opalescent Lamp

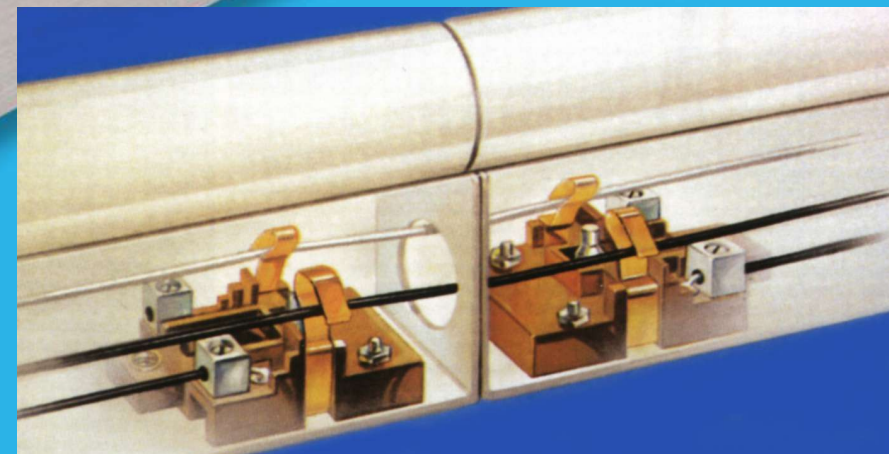

THREE LENGTHS TO CHOOSE FROM ...

The Alinea Luminaire and lamp comes in three lengths; 300mm (11.8 inches), 500mm (19.88 inches) and 1000mm (39.37 inches). A true tubular incandescent, Alinea creates a warm, comforting environment. The most elegant homes deserve Alinea.

CONTINUOUS RUN LIGHTING MADE EASY
Create a continuous line of light by mounting Alineas end-to-end.
Do not ceiling mount

LONGER - LIFE LAMP
The premium filament support system ensures a life of approximately 2,000 hours with a constant lumen output.

Modular design makes lamp replacement fast, safe and easy. Esthetically pleasing, the channel housing is contoured to surround the lamp.
