

Claris

Claris is an effective ceiling pendant which offers all-over lighting and supplies superior light output from its prismatic acrylic shade.

The shade has a translucent bottom disc which gives glare free light to any busy kitchen island, over-counter space or over-table situation.

Claris fits into a neat, and easily cleaned, silver stainless and aluminium frame with a ceiling rose giving it the sophistication you expect from a hand built fixture.

Coupled with high quality energy efficient lightbulbs, Claris is a genuine mix of functionality and style.
